

NOTICE:

Continuing Education Travel Seminars has made the decision that effective January 1, 2016 it will no longer participate in the Approved Provider program of the Board of Certification. This is a business decision that will not affect the quality of programs or events sponsored by CETS.

Thus, all seminars, webinars, courses, etc. will be designed so that it should qualify as a BOC Category D continuing education event. Under the new BOC guidelines for continuing education, an athletic trainer must complete 50 CE hours in every two (2) year reporting period. 28 CE hours of the 50 total CE hours may come from Category D events. With 10 hours of EBP credit required, that leaves a minimum of 12 hours required from the Category A, B and C events. By organizing and producing Category D events, this will allow CETS to continue quality meetings with its noted interactive nature of current hot topics of interest and allow us to stay on the cutting-edge of informational knowledge for the athletic trainer.
